Note

As directed by the Member, I have been enquiring abt the gentlemen who are likely to give us info: about Avani matt Case. I have consulted Pandit Venkata Chala Avadhanu Adhyaksha of the Veda Maha Patasala who is a man of a great deal of local influence with the Pandit classes, and we went both to the S College and to the Veda? There are no pandits of the Velnad sect. We can think of only two of this sect and belonging the Avani matt — viz (1) Mr. Munisal Venkata Sastry, an iron man at Siddicutta, and (2) Pandit Venkatesa Sastri and father of Mr. T. Venkata Subbiah, clerk working in the Accts Branch

Draft Final Note.

Subject.- Succession to the Sri Avani Mutt, Mulbagal Taluk.

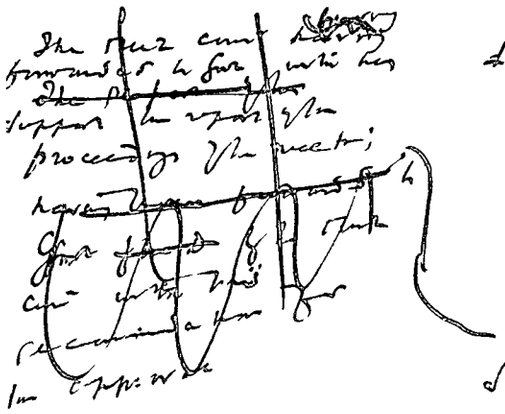
In continuation of my Final Note dated 13-7-1925 submitted for H.H.'s gracious information that H.E.H. the Nizam's Govt. had issued orders directing the delivery of the properties left at Mahabubabad by the late Swamigalu of the Mutt to Mr. Gundu Rao deputed by this Govt. for the purpose, I beg to state that the Kolar Dy. Commr. reported in his letter No. 1226 dated 18-7-1925 that the properties were taken charge of by Mr. Gundu Rao and brought back to the State.

2. A tentative scale of expenditure for the Mutt till the succession of a new Swamigalu is being sanctioned.

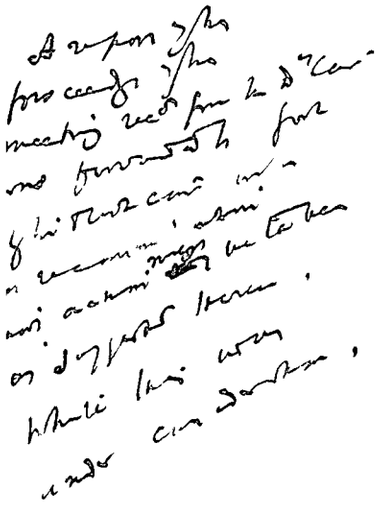
3. The selection of a suitable person to succeed to the Peeta has been under consideration. A meeting of the devotees and disciples of the Mutt was held at Kolar on Sunday the 20th Sept. 1925 at which the Dy. Commr. presided. In submitting the report of proceedings of the said meeting received from the Dy. Commr., the Mus. Commr. observed as follows:-

"It will be seen from the report that the majority of the disciples who attended the meeting, were not in favour of selecting either of two candidates, whose claims were urged before the meeting, nor were

they in favour of selecting any one from the families of certain persons connected with the Mutt in recent years. It was finally decided that the choice of a suitable Brahmachari for the headship of the Mutt might be left to ~~H.H.~~ the Swami of the Sringeri Mutt, and that it was not essential that the candidate should belong to the Velanadu sect of Brahmins."



~~Agreeing with the Dy. Commr. the~~ Hon'ble Minister recommends for approval of Govt. the proceedings of the meeting held on the 6th inst. under consideration. The Dy. Commr. recommended that as decided at the meeting, H.H. the Swamigalu of the Sringeri Mutt may be requested to select a suitable candidate for the approval of Govt.



Petitions were received raising certain objections to the meeting at Kolar and praying that another meeting may be held at Bangalore. ~~Several memorials and petitions have been received~~ from the disciples of the Mutt, and persons interested in the Mutt, - some requesting that a Velanadu Brahmachari may be appointed to the Mutt, & others suggesting the name of Mr. Y. Subba Rao a teacher in the Chamarajendra Sanskrit College, Bangalore &c. while certain disciples suggest that another meeting may be held at Malur or Vidyaraswatha as they allege that the meeting held at Kolar was not representative.

~~Before the papers came up before~~ me, a deputation consisting of Messrs. D. Sarvothama Rao, Retired Distt. Surveyor, (2) P.R. Subrahmanya Sastry, Retired Head Master, (3) H. Venkatrama Sastry, Local agent, Sringeri and Sivaganga Mutts, (4) V. Sreekantiah, Pro-

also waited on me and represented ~~orally~~ as well as in ~~writing~~ writing that (1) the meeting convened at Kolar was not sufficiently representative, ~~the place not being centrally situated~~, (2) that Sri Brahma Vidyananda-natha Bharati Swamigalu was initiated into Sanyasa Ashrama by the late Swamigalu of the Mutt as evidenced not only from the Srimukha of the late Swamigalu, but also from the Mahazars received by Govt. from the resident of the place where he was inducted into the Ashrama and also other places. The members of the deputation were asked to furnish a list of disciples in and out of the State. Meantime the Dy. Commr. was asked to furnish fuller details about the meeting.

It is seen from the Dy. Commr's. D.O. letter dated 20-11-1925, that the meeting was not only confined to the disciples of the Mutt, but that only a few persons - mostly from Kolar and places near it - seem to have been present at the meeting and taken part in the proceedings thereof. As the Mutt has a large number of disciples in the Bangalore and Kolar District, the resolution passed at the meeting cannot, in my opinion, be considered to represent the views of the general body of the disciples of the Mutt who are the persons most interested in the selection of a suitable person for the vacant seat.

In the circumstances, I think the best course will be to have another general meeting of the disciples of the Mutt held

by the Dy. Commr. at either Kolar, Malur, Bowringpet or at some other Central place, after giving wide publicity to the fact and to ascertain their views about the successor to the Mutt. ~~A draft of the letter to the Muz. Commr. on the above lines is submitted for~~ the gracious approval of His Highness.

In continuation of my Final Note dated 18th December 1926 in the matter of the succession to Sri Avani Mutt, I beg to state that the Peetah has been vacant for the last one year and half. The selection of a successor for the Headship of the Mutt has proved a difficult problem as strong partisan spirit has characterised the opinions expressed by persons who claim to be heard in making the selection. Two meetings of disciples were held and no definite recommendation was made owing to differences of opinion expressed by the members. A Committee consisting of six members with the Muzrai Commissioner as Chairman was thereupon appointed to invite applications and select the best candidate, but the Committee has not made any definite recommendation as regards the person to be selected to the vacant Peetah. Their recommendation which is extracted in the margin is of a general nature and some of the members of the Committee appear to have expressed dissentient views as regards this recommendation.

2. In the circumstances, it is proposed to refer the case to the Muzrai Commissioner again for suggesting the name of three suitable Brahmacharis after -

2 The following conclusions may be considered as established from the opinions elicited at the two meetings and from the recommendations of the Committee:-

(1) Only a Brahmachari should be selected.
(2) The Brahmachari selected should be from among the disciples of the Mutt and if possible from Velnad Section of the Smartha Brahmin community.

the Maharaja of Mysore.

Read:-

Correspondence ending with letter No.C. 1226 dated 25-8-1926 from the Muz. Commr. in Mysore submitting a copy of the proceedings of the meeting of the Committee appointed to consider the question of nominating a successor to the Sri Avani Peeta, held on the 9th Aug. 1926.

Order No. dated

The late Swamy of the Avani Mutt died on 11-4-1925 and the Mutt has remained without a head for about a year and a half.

2. Two meetings were held - the first on 20-9-1925 at Kolar and the 2nd on 3-4-1926 at Bowringpet - to ascertain the wishes of the disciples of the Mutt in regard to the selection of a person to be appointed to the vacant Peeta.

3. The Muz. Commr. proposed in his letter dated 4-5-1926 that a small Committee may be appointed to invite applications and select the best candidate. This proposal was approved. From the Muz. Commr. the proceedings of the meeting of the Committee have also been submitted. The Muz. Commr. records that the suggestions contained in the proceedings of the meeting of the Committee which are agreed to by all the members may be accepted and acted upon. It will therefore be seen from the proceedings that the Committee have not made any definite proposal as regards the person/Candidate to be selected from

4. The following conclusions may be considered as established from the opinions elicited at the two meetings above referred to and from the recommendations of the Committee:- (1) only a Brahmachari should be selected, (2) the Brahmachari selected should be from among the disciples of the Mutt, and if possible from the Velnad Section of the Smartha community, (3) Sri Onkaranandanatha Swamigalavaru alias Sri Brahmavidyanandа Bharati Swamigalavaru who has been contending that he received Sanyasa from the late Swamy with the object that he should succeed the latter, should not be appointed to the Peeta.

5. ~~In the above circumstances, Govt. are pleased~~ To enable Govt. to take final action in the matter ~~to direct that~~ the Muz. Commr. ~~be~~ is requested to suggest, after consulting some of the responsible disciples of the Mutt, the names of 3 Brahmacharis who are the disciples of the Mutt, from among whom, Govt. may select ~~one~~ a candidate for appointment to the vacant Peeta. If 3 Brahmacharis ~~who~~ who belong to the Velnad community and who are eligible in every respect for the Peeta, cannot be suggested, the names of Brahmacharis of other Sections of the Smartha community who are disciples of the Avani Mutt, may be proposed.

6. The claim advanced on behalf of Sri Brahma Vidyananda Bharati Swamigalavaru cannot be accepted as public opinion is strongly in favour of a Brahmachari and as no sanction of Govt. was obtained by the late Swamy to the alleged ordainment with the object that ~~the former~~ he should succeed ~~the latter~~ the Peeta.

To

His Highness The Maharaja of Mysore,

MYSORE.

MAY IT PLEASE YOUR HIGHNESS, and Disciple, of the Avani Mutt

We, Smarta Brahmans of Mysore State, most respectfully beg to submit this humble Memorial praying for Your Highness' gracious consideration of the points urged below

1 After the sad demise of the late Swami of Avani Mutt, Kolar District, the question of securing a fit successor has been agitating the minds of the Smarta public in general A meeting seems to have been held at Kolar, at which no unanimity having been reached, the Deputy Commissioner of the District is said to have reported to the Muzrai Commissioner that a Velanadu Brahmachari was wanted by those present and to have requested that the *Sringeri Mutt* might be asked to make a suitable selection This meeting does not seem to have been well-attended or representative in character Meanwhile a number of petitions would appear to have been received, supporting the candidature of one or other applicant for the vacant seat As to consulting the Sringeri Mutt in this matter, we beg to represent that at no time in the history of the Avani Mutt has the choice of a successor been allowed to be determined by any other Mutt, as the Avani Mutt has ever claimed absolute independence of all other Mutts It would, therefore, seriously compromise its honour and prestige, should this occasion be unfortunately utilized to establish a dangerous precedent The Smarta Community, as a body, has alone the right of choice, subject, of course, to Your Highness' gracious approval

2 The Management of Mutts has latterly grown so very unsatisfactory and so opposed to constitutional principles that owing either to the youth, innocence, waywardness, or helplessness of the Swami on the one hand or to the selfish and unenlightened behaviour of the Agent on the other, the utility and the beneficial influence of these institutions have become nearly nullified while a steady growth of materialistic views among the public seriously threatens the very continuance of the life of Mutts The noble purpose which the Mutts were originally intended to serve, namely, to cater for the spiritual needs of the Nation, can best be fulfilled, only if the Mutts are pervaded by a spirit of unselfishness, and the Swamis are men of deep learning firm principles, pious habits and sympathetic disposition

3 The selection, therefore, of a Swami for the Avani Mutt must be made in the light of these considerations, if the interests of the Mutt should be safeguarded , and no communal restriction should we submit, be allowed for a moment The Mutt claims disciples among all the communities It would be wrong and unfair, therefore to confine the sphere of choice to one community to the exclusion of others and at the sacrifice of real merit In the next place, in view of the great changes in modern life and society, a Brahmachari unless he be a rare youth so convinced of the utter vanity of the householder's life that whether elected to a pontificate or not, he is determined to turn ascetic—is most undesirable, as most unlikely to preserve unassailed the purity and reputation of the Mutt To adduce instances of such lapses is, we submit, neither in place nor necessary Besides, if he is too young he may not develop those Yogic and intellectual tastes which ought peculiarly to distinguish the Head of a Mutt, owing sometimes to a natural inaptitude which cannot be detected till he has grown too old The Head of a Mutt in these days, moreover, must know something of the practical world, if he is to avoid being irretrievably misled

by unprincipled men who may swarm round him from unworthy motives. Further, the uncertainty inseparable from the appointment of a Brahmachari whose spiritual predilections are as yet in a nebulous condition and the glorious precedents established of householders turning out to be the most Illustrious Sannyasis, like Sri Mandana Misra and Sri Vidyaranya, give an undeniable support to the view advocated herein. Accordingly, we find that among the Dvaitins and Visishtadvaitins, the selection to a pontificate is invariably restricted to Householders, with the exception of the Udupi Mutt In any case, a Brahmachari of unknown tendencies, or a Sannyasi of unknown antecedents and without Sanskrit learning and scholarship cannot be preferred to a tried Householder, and a rule that would exclude a Yajnavalkya or a Parasara should not be superstitiously enforced, from a sheer regard to custom, which often makes us devour camels while we strain at a gnat. Recently, the Mahabhagavata of Kurtkoti became 'from a householder the Head of the Karavira Pitha Mutt.

4. For the foregoing reasons, we beg humbly to suggest for Your Highness' generous consideration the name of a gentleman for the Headship of the Avani Mutt, who, we sincerely believe, will prove an Ideal Head of any Mutt. He is Mr. Y. Subba Rau of Yellambalasi near Kadur, a Smarta Karnataka Brahman at present employed as a Teacher in the Chamarajendra Sanskrit College, Bangalore. He is of 43 years of age, profoundly versed in Vedanta, a Sanskrit Scholar, and Author of several works in Kannada and Sanskrit, some of them already published. A pupil of Mahavidwan Mahamahopadhyaya Vidyanidhi Virupaksha Sastry, Professor of Vedanta, Sringeri Mutt, Bangalore, he has maintained a pure life and unblemished character, and is known no less for his learning and intellectual gifts of a high order than for his simple, pious life, and self-denying habits. As a widower he has long been thinking of renunciation, so that his appointment to the Mutt would impose on him no new sacrifices of any kind. Though his Sattvic disposition robs wealth of its charms for him, yet being a practical Vedantin, and a learned Writer, he might, as the Selfless Head of a Mutt, be expected to advance the cause of Vedic and Sanskrit study, and employ the resources of the Mutt for the spread of *Sanatana Dharma* and *Vedantic Knowledge* among the disciples for whose benefit the Mutt mainly exists. His knowledge of English and Kannada would make his teachings particularly impressive, and his acquaintance with practical modern life would be an invaluable aid to steer the ship of the Mutt clear of those deadly rocks on which so many have been wrecked.

5. Mr. Y. Subba Rau who has been consulted in the matter has expressed his willingness to accept the seat, in case Your Highness should be pleased to consider this Memorial favourably.

6. To

Amin-ul-mulk
Mirza Mohamed Ismail, Esq., B.A., C.I.E.,
Private Secretary to
His Highnes the Maharajah of Mysore,
MYSORE.

Sir,

We have the honour to submit for the gracious consideration of His Highness the Maharajah a petition advocating the candidature of Mr. Y. Subba Rau for the Headship of the Avani Mutt in the Kolar District now rendered vacant by the demise of the presiding Swami. The candidate whose cause we have been espousing is a gentleman of ripe scholarship and tried character and we think, as also the large number of persons who have signified their assent do, that no better choice can be made. Not only the smartha people of Bangalore but also the direct disciples of the Avani Mutt residing in the different parts of the Kolar District consider that both by his high scholarship in Sanskrit Literature and Vedanta and his otherwise holy life Mr. Subba Rau is best qualified to occupy the pontifical seat at Avani.

Our beloved Maharajah has already earned the lasting gratitude of his Highness's subjects by selecting a worthy successor to the Sri Parakalaswami Mutt and we venture to submit that His Highness will be duly adding to the glory already won graciously appointing our nominee as the Head of the Avani Mutt and resuscitating thereby the spiritual eminence of a Peetha ~~started~~ established by the world-renowned Vidyaranyaswami.

Knowing as we do your sympathetic attitude in such matters, we crave your generous support in an undertaking whose one aim is to secure the [illegible] of a large section of Hindus who are the disciples of the Avani Mutt.

The details of the grounds on which our representation is

based are set forth in the Memorial submitted to be placed before His Highness for his gracious acceptance.

Soliciting an early consideration of the question which has so long been engaging the attention of the public,

We remain,

Your most obedient servants,

To

His Highness The Maharaja of Mysore,

MYSORE.

MAY IT PLEASE YOUR HIGHNESS,

We, Smarta Brahmans of Mysore State, most respectfully beg to submit this humble Memorial praying for Your Highness' gracious consideration of the points urged below :

1. After the sad demise of the late Swami of Avani Mutt, Kolar District, the question of securing a fit successor has been agitating the minds of the Smarta public in general. A meeting seems to have been held at Kolar, at which no unanimity having been reached, the Deputy Commissioner of the District is said to have reported to the Muzrai Commissioner that a Velanadu Brahmachari was wanted by those present and to have requested that the *Sringeri Mutt* might be asked to make a suitable selection. This meeting does not seem to have been well-attended or representative in character. Meanwhile a number of petitions would appear to have been received, supporting the candidature of one or other applicant for the vacant seat. As to consulting the Sringeri Mutt in this matter, we beg to represent that at no time in the history of the Avani Mutt has the choice of a successor been allowed to be determined by any other Mutt, as the Avani Mutt has ever claimed absolute independence of all other Mutts. It would, therefore, seriously compromise its honour and prestige, should this occasion be unfortunately utilized to establish a dangerous precedent. The Smarta Community, as a body, has alone the right of choice, subject, of course, to Your Highness' gracious approval.

2. The Management of Mutts has latterly grown so very unsatisfactory and so opposed to constitutional principles, that owing either to the youth, innocence, waywardness, or helplessness of the Swami on the one hand, or to the selfish and unenlightened behaviour of the Agent on the other, the utility and the beneficial influence of these institutions have become nearly nullified ; while a steady growth of materialistic views among the public seriously threatens the very continuance of the life of Mutts. The noble purpose which the Mutts were originally intended to serve, namely, to cater for the spiritual needs of the Nation, can best be fulfilled, only if the Mutts are pervaded by a spirit of unselfishness, and the Swamis are men of deep learning, firm principles, pious habits and sympathetic disposition.

3. The selection, therefore, of a Swami for the Avani Mutt must be made in the light of these considerations, if the interests of the Mutt should be safeguarded ; and no communal restriction should, we submit, be allowed for a moment. The Mutt claims disciples among all the communities. It would be wrong and unfair, therefore, to confine the sphere of choice to one community to the exclusion of others and at the sacrifice of real merit. In the next place, in view of the great changes in modern life and society, a Brahmachari, unless he be a rare youth so convinced of the utter vanity of the householder's life that whether elected to a pontificate or not, he is determined to turn ascetic—is most undesirable, as most unlikely to preserve unassailed the purity and reputation of the Mutt. To adduce instances of such lapses is, we submit, neither in place nor necessary. Besides, if he is too young he may not develop those Yogic and intellectual tastes which ought peculiarly to distinguish the Head of a Mutt, owing sometimes to a natural inaptitude which cannot be detected till he has grown too old. The Head of a Mutt in these days, moreover, must know something of the practical world, if he is to avoid being irretrievably misled

by unprincipled men who may swarm round him from unworthy motives. Further, the uncertainty inseparable from the appointment of a Brahmachari whose spiritual predilections are as yet in a nebulous condition and the glorious precedents established of householders turning out to be the most Illustrious Sannyasis, like Sri Mandana Misra and Sri Vidyaranya, give an undeniable support to the view advocated herein. Accordingly, we find that among the Dvaitins and Visishtadvaitins, the selection to a pontificate is invariably restricted to Householders, with the exception of the Udupi Mutt. In any case, a Brahmachari of unknown tendencies, or a Sannyasi of unknown antecedents and without Sanskrit learning and scholarship cannot be preferred to a tried Householder, and a rule that would exclude a Yajnavalkya or a Parasara should not be superstitiously enforced, from a sheer regard to custom, which often makes us devour camels while we strain at a gnat. Recently, the Mahabhagavata of Kurtkoti became from a householder the Head of the Karavira Pitha Mutt.

4. For the foregoing reasons, we beg humbly to suggest for Your Highness' generous consideration the name of a gentleman for the Headship of the Avani Mutt, who, we sincerely believe, will prove an Ideal Head of any Mutt. He is Mr. Y. Subba Rau of Yellambalasi near Kadur, a Smarta Karnataka Brahman at present employed as a Teacher in the Chamarajendra Sanskrit College, Bangalore. He is of 43 years of age, profoundly versed in Vedanta, a Sanskrit Scholar, and Author of several works in Kannada and Sanskrit, some of them already published. A pupil of Mahavidwan Mahamahopadhyaya Vidyanidhi Virupaksha Sastry, Professor of Vedanta, Sringeri Mutt, Bangalore, he has maintained a pure life and unblemished character, and is known no less for his learning and intellectual gifts of a high order than for his simple, pious life, and self-denying habits. As a widower he has long been thinking of renunciation, so that his appointment to the Mutt would impose on him no new sacrifices of any kind. Though his Sattvic disposition robs wealth of its charms for him, yet being a practical Vedantin, and a learned Writer, he might, as the Selfless Head of a Mutt, be expected to advance the cause of Vedic and Sanskrit study, and employ the resources of the Mutt for the spread of *Sanatana Dharma* and *Vedantic Knowledge* among the disciples for whose benefit the Mutt mainly exists. His knowledge of English and Kannada would make his teachings particularly impressive, and his acquaintance with practical modern life would be an invaluable aid to steer the ship of the Mutt clear of those deadly rocks on which so many have been wrecked.

5. Mr. Y. Subba Rau who has been consulted in the matter has expressed his willingness to accept the seat, in case Your Highness should be pleased to consider this Memorial favourably.

6. In conclusion, in the present state of Society, we believe that no better man can be chosen for the Holy Seat either on principle, or on policy, and we beg to commend our humble suggestion to Your Highness' benign consideration, in the full belief that our earnest prayer will be graciously granted.

We beg to remain,

First Councillor to the Government of His Highness the
Maharaja of Mysore,
B a n g a l o r e.

S i r,

In submitting a copy of the printed Memorial addressed to His Highness, proposing Mr. Y. Subba Rau, Teacher, Sri Chamarajendra Sanskrit College, Bangalore for the Headship of the Avani Mutt, we beg to represent that since we last waited on you in deputation we have consulted the opinion of the Smarta Public on the subject, and received hearty support from them. At Kolar, the Memorial was signed by all the important orthodox vydikas, as well as by men of modern light and leading. A very large number of the Ashtagrama have also enthusiastically signed. All these are the immediate disciples of the Avani Mutt. Mr. D. Venkatesa Iyer B.A.B.L.M.L.C who had signed the original resolution passed at the last meeting at Kolar presided over by the Deputy Commissioner, asking for a Brahmachari, explained to us that as they had no eligible person in view then, and as the public were wholly opposed to the candidature of Omkaraswami, the resolution had to be put in that form, but that he gave his whole-hearted support to the appointment of Mr. Y.Subba Rau whose qualifications were unquestionable. Mr. Venkatesa Iyer has also promised to communicate his present views shortly to you in writing.

We beg therefore that you will be graciously pleased to consider the question in the light of these and the other facts detailed in the memorial.

A select list of the signators is appended.

To

His Highness The Maharaja of Mysore,

MYSORE.

MAY IT PLEASE YOUR HIGHNESS,

We, Smarta Brahmans of Mysore State, most respectfully beg to submit this humble Memorial praying for Your Highness' gracious consideration of the points urged below :

1. After the sad demise of the late Swami of Avani Mutt, Kolar District, the question of securing a fit successor has been agitating the minds of the Smarta public in general. A meeting seems to have been held at Kolar, at which no unanimity having been reached, the Deputy Commissioner of the District is said to have reported to the Muzrai Commissioner that a Velanadu Brahmachari was wanted by those present and to have requested that the *Sringeri Mutt* might be asked to make a suitable selection. This meeting does not seem to have been well-attended or representative in character. Meanwhile a number of petitions would appear to have been received, supporting the candidature of one or other applicant for the vacant seat. As to consulting the Sringeri Mutt in this matter, we beg to represent that at no time in the history of the Avani Mutt has the choice of a successor been allowed to be determined by any other Mutt, as the Avani Mutt has ever claimed absolute independence of all other Mutts. It would, therefore, seriously compromise its honour and prestige, should this occasion be unfortunately utilized to establish a dangerous precedent. The Smarta Community, as a body, has alone the right of choice, subject, of course, to Your Highness' gracious approval.

2. The Management of Mutts has latterly grown so very unsatisfactory and so opposed to constitutional principles, that owing either to the youth, innocence, waywardness, or helplessness of the Swami on the one hand, or to the selfish and unenlightened behaviour of the Agent on the other, the utility and the beneficial influence of these institutions have become nearly nullified ; while a steady growth of materialistic views among the public seriously threatens the very continuance of the life of Mutts. The noble purpose which the Mutts were originally intended to serve, namely, to cater for the spiritual needs of the Nation, can best be fulfilled, only if the Mutts are pervaded by a spirit of unselfishness, and the Swamis are men of deep learning, firm principles, pious habits and sympathetic disposition.

3. The selection, therefore, of a Swami for the Avani Mutt must be made in the light of these considerations, if the interests of the Mutt should be safeguarded ; and no communal restriction should, we submit, be allowed for a moment. The Mutt claims disciples among all the communities. It would be wrong and unfair, therefore, to confine the sphere of choice to one community to the exclusion of others and at the sacrifice of real merit. In the next place, in view of the great changes in modern life and society, a Brahmachari, unless he be a rare youth so convinced of the utter vanity of the householder's life that whether elected to a pontificate or not, he is determined to turn ascetic—is most undesirable, as most unlikely to preserve unassailed the purity and reputation of the Mutt. To adduce instances of such lapses is, we submit, neither in place nor necessary. Besides, if he is too young he may not develop those Yogic and intellectual tastes which ought peculiarly to distinguish the Head of a Mutt, owing sometimes to a natural inaptitude which cannot be detected till he has grown too old. The Head of a Mutt in these days, moreover, must know something of the practical world, if he is to avoid being irretrievably misled

by unprincipled men who may swarm round him from unworthy motives. Further, the uncertainty inseparable from the appointment of a Brahmachari whose spiritual predilections are as yet in a nebulous condition and the glorious precedents established of householders turning out to be the most Illustrious Sannyasis, like Sri Mandana Misra and Sri Vidyaranya, give an undeniable support to the view advocated herein. Accordingly, we find that among the Dvaitins and Visishtadvaitins, the selection to a pontificate is invariably restricted to Householders, with the exception of the Udupi Mutt. In any case, a Brahmachari of unknown tendencies, or a Sannyasi of unknown antecedents and without Sanskrit learning and scholarship cannot be preferred to a tried Householder, and a rule that would exclude a Yajnavalkya or a Parasara should not be superstitiously enforced, from a sheer regard to custom, which often makes us devour camels while we strain at a gnat. Recently, the Mahabhagavata of Kurtkoti became from a householder the Head of the Karavira Pitha Mutt.

4. For the foregoing reasons, we beg humbly to suggest for Your Highness' generous consideration the name of a gentleman for the Headship of the Avani Mutt, who, we sincerely believe, will prove an Ideal Head of any Mutt. He is Mr. Y. Subba Rau of Yellambalasi near Kadur, a Smarta Karnataka Brahman at present employed as a Teacher in the Chamarajendra Sanskrit College, Bangalore. He is of 43 years of age, profoundly versed in Vedanta, a Sanskrit Scholar, and Author of several works in Kannada and Sanskrit, some of them already published. A pupil of Mahavidwan Mahamahopadhyaya Vidyanidhi Virupaksha Sastry, Professor of Vedanta, Sringeri Mutt, Bangalore, he has maintained a pure life and unblemished character, and is known no less for his learning and intellectual gifts of a high order than for his simple, pious life, and self-denying habits. As a widower he has long been thinking of renunciation, so that his appointment to the Mutt would impose on him no new sacrifices of any kind. Though his Sattvic disposition robs wealth of its charms for him, yet being a practical Vedantin, and a learned Writer, he might, as the Selfless Head of a Mutt, be expected to advance the cause of Vedic and Sanskrit study, and employ the resources of the Mutt for the spread of *Sanatana Dharma* and *Vedantic Knowledge* among the disciples for whose benefit the Mutt mainly exists. His knowledge of English and Kannada would make his teachings particularly impressive, and his acquaintance with practical modern life would be an invaluable aid to steer the ship of the Mutt clear of those deadly rocks on which so many have been wrecked.

5. Mr. Y. Subba Rau who has been consulted in the matter has expressed his willingness to accept the seat, in case Your Highness should be pleased to consider this Memorial favourably.

6. In conclusion, in the present state of Society, we believe that no better man can be chosen for the Holy Seat either on principle, or on policy, and we beg to commend our humble suggestion to Your Highness' benign consideration, in the full belief that our earnest prayer will be graciously granted.

We beg to remain,

May it please Your Highness,

Your Highness' most humble and loyal subjects.

THE MUTT AT AVANI.

This ancient mutt at Avani (a sacred place known as Avanti) where the great Maharishi Valmiki dwelt and did penance; thâs peeta whose founder was the famous ~~Vidyaranya~~ Vidyaranya who presented the much-coveted throne of Yudhishtira to the rulers of Mysore which they proudly occupy even to-day and this spiritual Institution one of whose Gurus performed, by royal invitation, the Kalasa Pratishta of Sree Nanjundeswara at Nanjangud, has fallen a victim to official high-handedness on the one hand and to unscrupulous scheming of self-seeking seeking adventures on the other.

Such has been the state of affairs since April 1925 when the Guru expired while on tour in the Hyderabad State. The Swamiji had, with that foresight which is peculiar to the spiritually great, appointed a successor to him as far back as 1916. Also, to give a proper training to the Yuvaswami and make him acquainted with the disciples of the Mutt, ordained him to tour round the State of Mysore delivering lectures on matters religious and spiritual. Having thus delegated his religious work to the Yuva Guru, the Swamiji took upon himself the arduous task of finding funds to set the temporal affairs of the Mutt in order as, thanks to the undermining efforts of successive agents, not only had the mutt lost valuable properties but had even run into enormous debts. Thus, the Yuvaswami and Guru were several miles apart when the Guru passed away and by the time the Yuva Guru could occupy the peeta, cliques of persons had set proposals to frustrate the object of the late Guru and to gain their end by preventing the installation of the Yuvaswami and by setting up men of their own choice.

In this mad race for Matadhipatiship, all sorts of applicants have come forward putting forth peculiar claims and being supported by some powerful and influential officials and non-officials. So much so, persons who are unfit to become Sanyasins being Anagamikas and Britaka Adhyapakas have also come into the arena and are incessantly memorialising the Government to put them on the peeta.

In the meantime, the Deputy Commissioner and District Nuzra

Officer has selected not the particular rule which applies to h this case but another convenient one which would pander to the relish relinquish of the above-said agitators. In plain words, he has not reported to Government the late Guruji's Sreemukham appointing the Yuvaswamy as successor and other useful ~~documents~~ documents. Nor has he taken cognizance of the statements made orally and through deputations and petitions by respectable people bearing incontrovertible testimony to the appointment of a successor by the late Guruji. The Deputy Commissioner has thought fit, for reasons well-known to him but which the public are unable to divine, to ignore these volumes of evidence and to treat the peeta as vacant ! Relying on this rule, he has also held a meeting of some hundred persons (about whose being disciples of the Mutt, no proof was adduced) and has taken their sense in preference to the consensus of opinion expressed by ~~thousands~~ thousands of disciples through media of letters and deputations which are as reliable as those expressed at a meeting. It is curious that the Deputy Commissioner should have expressed his opinion that a Brahmachari and not a Grahasta should become the successor as this contravenes the ancient traditions of the Mutt and the accepted tenets of Hinduism that a Grahasta is no less qualified than a Brahmachari. Strange to say, that, inconsistent with his new theory, the Deputy Commissioner has received applications not only from Grahastas but from widowers who being Anagnikas are prevented from entering the Holy Order of the Sanyasin. It is said that one of the applicants belongs to the Sub-sect to which the Deputy Commissioner also belongs and that this particular applicant has been taking advantage of it and is going round canvassing votes in his favour.

One matter which has been agitating the public mind and which is bound to become an All-India question resulting in a bitter fight is a resolution passed at the abovesaid farcical meeting to the effect that the Sringeri Mutt may be asked to help in the selection of the successor. If the Deputy Com-

missioner

Commissioner or the gentleman who adorned the meeting had taken the pains to go through the pravara of the Mutts founded by Sree Adi Sankaracharier and his disciples, they would have found that the Mutt of Avanti and Kudli have the same source and the self-same pravara till Vidyaranya founded for a separate peeta at Avani. Whereas the present Mutt at Srigeri has not founded by any direct disciple of Sri Sankaracharier but was forcibly occupied by a Sanyasin Sishya (Bharati Krishna Teertha) of the Kamakoti Peeta at Kanchi now situated at Kumbakonam. It will thus be seen that the Srigeri Mutt has no spiritual locus-standi having no continuous pravara or a proper founder. Therefore, it is a travesty of justice to seek the advice of the Sringeri Mutt in this matter.

XX To the Devotees of the Mutt, the question does not appear as simple as it does to the Deputy Commissioner, for grave and important issues arise which baffle the thinking public. The first and foremost question is whether the Guru of a Mutt has or has not the right to appoint his successor. If he has, it is not open to any one, including the Government, to set aside the choice. If he has not, no Hindu will think it worth the while to owe allegiance to a Mutt which becomes a wing of Government. Secondly, can a handful of disciples of a Mutt enforce their opinion in preference to a great many others merely because the former happen to be at the spot? If so, is it not open to the others to refuse recognition to the one selected by the former and is it not also open to the latter to set up a Swami of their own choice? Thirdly where a mutt has got properties and devotees within the Territories of different provincial Governments and States, Can one particular administration take upon itself the responsibility of deciding and will such a decision be binding on other Governments? If each Provincial Government begins to nominate a successor to a Mutt what would be its fate? So much for the temporal and political aspects of the question.

Let us now consider the spiritual and religious aspect of the problem. The puja at the is being done by a Grahasta while it ought to be done by a Sanyasin. No samadhi has yet been built of the late

Swamy and his Aradhana is not being performed. Also, the worship of the several Gurus of the Mutt have been stopped. These can be done only by a Swami initiated by a Guru of the Mutt and not by one who styles himself a Sanyasin and chooses to wear the yellow robes of the order. No amount of ceremony or Government sanction can bestow spiritual authority entitling one to attend to these sacred duties. If, therefore, the Yuvaswamy's claims are over-looked, there will be the sorry picture of the Mutt having on the Peeta a so-called Sanyasin having no religious sanction but possessing the powers of another agent though euphemistically called the Guru! There can be no better way than this of killing the religious institutions which alone have been keeping the spiritual lamp of India burning. The mutts - The only

In these circumstances, it behoves the Government of His Highness the Maharaja of Mysore to be cautious and circumspect in the matter and to solve it in a manner which would be just to the revered memory of the late Guru; pleasing to the anxious and feeling expectation of the devotees both in and outside the Mysore State; fair to the good work and great capabilities of the Yuvaswami; and, above all, proper to the fair name of Mysore State to which other parts of India look up for inspiration and guidance.

The matter has been hanging fire for months together and the above-mentioned ugly developments have aggravated the situation making it intolerable for the public.

Dear Sir,

I herewith send, for favor of your kind perusal and submission to His Highness our beloved Maharaja, a note which I prepared on the much-debated question of succession to the

I trust you will kindly pay to this & your sympathetic consideration as it is vital importance to the Hindus.

Knowing, as I do, the confidence & respect the public have for you and your sense of justice & fair-play, I have taken the liberty of addressing you this

THE MUTT AT AVANI.

This ancient mutt at Avani (a sacred place known as Vanti) where the great Maharishi Valmiki once lived and did penance; it is next whose founder was the famous Vidyaranya who presented the much-coveted throne of Yudhishtira to the rulers of Mysore which they proudly occupy even to-day as the spiritual successor of whose Guru performed, by royal invitation, the Kalasa Pratishta of Sree Nanjundeswara at Nanjangud has fallen a victim to official high-handedness due to a blind if not scrupulous scheming of self-seeking advocates on the other.

On the demise of Sreekanta Sivacharya on April 1916 the Guru expired while on tour in the Hyderabad State. Jagadguru, with that foresight which is peculiar to the spiritually great, appointed a successor to him as far back as 1916. Also, to give proper training to the Yuvarajah and make him acquainted with the disciples of the Mutt, ordained him on tour round the State of Mysore delivering lectures on matters spiritual. Having thus delegated his religious work to the Yuvarajah, Jagadguru took upon himself the arduous task of undertaking to see the temporal affairs of the Mutt properly managed. The efforts of successive agents not only added considerably to valuable properties but also led to enormous disputes. Thus, the Yuvarajah and Guru were several miles apart when the news of the Guru's passing away by a stroke of paralysis on April could occupy the public, chiefs of some states and the people generally to expedite the object of their journey to Mysore, namely, to be present by the Yuvarajah's installation as Guru by performing the obsequies of his predecessor.

It is well nigh impossible for anybody in India, Hindu or non-Hindu to have come in contact with the Mysore Royal Family and not to have become personally attached to the Royal officials. So much so, even the Royal horses become favourites and pets to the people. Almost incessantly remonstrating the Government of the country.

In the meantime, the Deputy Commissioner and District Surgeon

Officer has selected not the particular rule which applies to this case but another convenient one which would ponder to the relinquish of the above said agitators. In plain words, he has not reported to Government the late Guru's 'Sreemukham' appointing the Suvarnavalli Swamiji or any other useful documents or documents. Nor has he taken cognizance of the statements made orally and through deputations and petitions by respectable people bearing incontrovertible testimony to the appointment of a successor by the late Guruji. The Deputy Commissioner has thought fit, for reasons well-known to him but which the public are unable to divine, to ignore these volumes of evidence and to treat the post as vacant! Relying on this rule, he has called for the list of some unnamed persons (which is one of the rules of the game, no proof has been found) and has likewise elicited opinions as to the successor of opinion of only twenty-seven persons or thereabouts through mails of letters and telegrams and he has relied on those expressions. It is curious that the Deputy Commissioner should have expressed his opinion that a Brahmachari is not to be found, all become the slaves of the litigation and the appointment of a successor is no less complicated than a transmigration. Strange to say, in connection with this new theory, the Deputy Commissioner received solicitations not only from Orissa but from others who have Brahmikas are practising from the Holy Order, of the Sanyasin. It is a matter of public knowledge to belong to the sub-sect to which the Deputy Commissioner belongs and that this particular section has a majority of one of it and is going round canvassing votes in his favour.

One matter which has been agitating the public mind and which is bound to become an All-India question resulting in a bitter fight is a resolution passed at the abovesaid farcical meeting to the effect that the Sringeri Mutt may be asked to help in the selection of the successor. THE MUTT AT AVANI

This ancient mutt at Avani (a sacred place where the great Maharishi Valmiki lived and died) is one of those founder was the famous Vidyaranya Vidyaranya who created the much-coveted throne of Yudhishtira to the rulers of [illegible] which they proudly occupy even to-day. [illegible] of whose gurus performed, by royal [illegible] [illegible] of the Nanjundeswara at Nanjangud, has fallen victim to [illegible] handedness [illegible] [illegible] seeking adventure [illegible].

[illegible] has been the object of officious since April 1925 when the Guru expired while on tour in the Vijayanagar State. The Swamiji had that foresight which is peculiar to the spiritually great, pointed a successor to him as far back as 1916. Also to give proper training to the Yuvarajaswami and make him acquainted with the details of the Mutt, ordained him to tour round the State delivering lectures on matters religious and spiritual. He thus delegated his religious work to the Yuvarajaswami, the Swamiji took upon himself the arduous task of finding funds to set the temporal affairs of the mutt in order as, thanks to the [illegible] of successive gurus, not only had the mutt lost valuable properties but had even run into enormous debts. Thus, the Yuvarajaswami and the Swamiji, several miles apart when the [illegible] by the [illegible] could occupy the gadi, glances of persons had set proposals to frustrate the object of the latter and to create [illegible] by preventing the installation of the Yuvarajaswami and by getting up [illegible] of their own choice.

In this race for the gadi three, all sorts of [illegible] have come forward [illegible] [illegible] claim supported by some powerful and influential [illegible] officials. So much so [illegible] has become [illegible] Ramakrishna and Pritaka Adhyayana [illegible] and [illegible] incessantly memorising the [illegible] to suit [illegible] of the [illegible]

In the meantime, the Deputy Commissioner and District Magistrate

Ultimately he decided on the particular rule which applies to this case but another convenient one which would pander to the ~~polish~~ relish of appeal to Government that the late Mr. Veerumuthiam Pillai may have come to their useful documents. [illegible] of the statements made orally [illegible] by respectable people having incontrovertible [illegible] to the appointment of a successor by the late Mr. Pillai. The Deputy Commissioner set this out, for reasons sufficient to him but which the public are unable to divine, to ignore these volumes of evidence and to treat the petitioner's solitary [illegible] on this rule, [illegible] (about whose bona fides [illegible] of the suit, no proof was produced) and by [illegible] ~~thereby~~ [illegible] of opinion [illegible] ~~thereby~~ [illegible] of a couple [illegible] not [illegible] as those [illegible]. It [illegible] Deputy Commissioner should have ~~entered~~ dismissed the objection that a Hindu widow [illegible] that it should become the duty of the Court [illegible] accepted [illegible] rather than a [illegible]. [illegible] to say, that this new theory of duty [illegible] applications not only from [illegible] but from strangers who have Arumukhas are prepared from [illegible] Poly (order, of the [illegible]. It is all that one of the applicants belongs to the sub-sect to which the Deputy Commissioner also belongs and that this particular applicant has been making a very [illegible] and is going round canvassing votes in his favour.

[illegible] which it would [illegible] the question resulting in a bitter fight [illegible] solution [illegible] the aforesaid farcical meeting to the effect that the arbitrary [illegible] may be asked to help in the selection of the successor. If the Deputy Com-

Commissioner or the gentlemen who adorned the meeting had taken the pains to go through the pravara of the Mutts founded by Sree Adi Sankaracharier and his disciples, they would have found that the Mutt of Avanti and Kudli have the same source and the self same pravara till Vidyaranya founded for himself a separate peetham at Avani. Whereas the present Mutt at Srigeri was not founded by any direct disciple of Sri Sankaracharier but was forcibly occupied by a Sanyasin Sishya (Bharati Krishna Teertha) of the Kamakoti Peetha at Kanchi now situate at Kumbakonam. It will thus be seen that the Srigeri Mutt has no spiritual locus-standi having no continuous pravara or a proper founder. Therefore, it is a travesty of justice to seek the advice of the Srigeri Mutt in this matter.

To the Devotees of the Mutt, the question does not appear as simple as it does to the Deputy Commissioner, for grave and important issues arise which baffle the thinking public. The first and foremost question is whether the Guru of a Mutt has or has not the right to appoint his successor. If he has, it is not open to any one, including the Government, to set aside the choice. If he has not, no Hindu will think it worth the while to owe allegiance to a Mutt which becomes a thing of Government. Secondly, can a handful of disciples of a Mutt enforce their opinion in preference to a great many others merely because the former happen to be at the spot? If so, is it not open to the others to refuse recognition to the one selected by the former and is it not also open to the latter to set up a Swami of their own choice? Thirdly where a Mutt has got properties and devotees within the Territories of different provincial Governments and States, can one particular administration take upon itself the responsibility of deciding and will such a decision be binding on other two countries? If each Provincial Government begins to nominate a successor to a Mutt what would be its fate? So much for the temporal and political aspects of the question.

Let us now consider the spiritual and religious aspect of the problem. The puja at the Mutt is being done by a Brahmin while it ought to be done by a Sanyasin. No samadhi has yet been built of the late

Swamy and his Aradhana is not being performed. Also the ship of the several Gurus of the Mutt have been stopped, can be done only by a Swami initiated by a Guru of the Mutt and not by one who styles himself a Sanyasin and chooses to wear the yellow robes of the order. No amount of ceremony or Government sanction can bestow spiritual authority entitling one to attend to these sacred duties. If, therefore, the Yuvaswamy's claims are over-looked, there will be the sorry picture of the Mutt having on the seats a so-called Sanyasin having no religious sanction but possessing the powers of another agent though euphemistically called the Guru! There can be no better way than this of killing the matter once and for the religious institutions which have been keeping the spiritual lamp of India burning.

In these circumstances it behoves the Government of His Highness the Maharaja of Mysore to be cautious and circumspect in the matter and to solve it in a manner which would be just to the revered memory of the late Guru, pleasing to the anxious and feeling expectation of the devotees both in and outside the Mysore State, fair to the good work and great capabilities of the Yuvaswami; and, above all, proper to the fair name of Mysore State to which other parts of India look up for inspiration and guidance.

The matter has been pending for so long and the grievances have increased by delay, rendering the situation more and more intolerable for the public.

THE MUTT AT AVANI.

This ancient mutt at Avani (a sacred place known as Avanti) where the great Maharishi Valmiki dwelt and did penance; this peeta whose founder was the famous Vidyaranya who presented the much-coveted throne of Yudhishtira to the rulers of Mysore which they proudly occupy even to-day and this spiritual Institution one of whose Gurus performed, by royal invitation, the Kalasa Pratishta of Sree Nanjundeswara at Nanjangud has fallen a victim to official high-handedness on the one hand and to unscrupulous scheming of self-seeking adventurers on the other.

Such has been the state of affairs since April 1925 when the Guru expired while on tour in the Hyderabad State. The Swamiji had, with that foresight which is peculiar to the spiritually great, appointed a successor to him as far back as 1916. Also, to give a proper training to the Yuvaswami and make him acquainted with the disciples of the Mutt ordained him to tour round the State of Mysore delivering lectures on matters religious and spiritual. Having thus delegated his religious work to the Yuva Guru, the Swamiji took upon himself the arduous task of finding funds to set the temporal affairs of the Mutt in order as, thanks to the undermining efforts of successive agents not only had the mutt lost valuable properties but had even run into enormous debts. Thus, the Yuvaswami and Guru were several miles apart when the Guru passed away and by the time the Yuva Guru could occupy the peeta, cliques of persons had set proposals to frustrate the object of the late Guru and to gain their end by preventing the installation of the Yuvaswami and by setting up men of their own choice.

In this mad race for Matadhipatiship, all sorts of applicants have come forward putting forth peculiar claims and being supported by some pwerful and influential officials and non-officials. So much so, persons who are unfit to become Sanyasins being Anagnikas and Britaks Adhyapakas have also come into the arena and are incessantly memorialising the Government to put them on the peeta.

In the meantime, the Deputy Commissioner and District Muzrai Officer has selected not the particular rule which applies to this case but another convenient one which would ponder to the relish of the above said agitators. In plain words, he has not reported to Government the late Guru's Sreemukham appointing the Yuvaswamy as successor and other useful documents. Nor has he taken cognizance the statements made orally and through deputations and petitions by respectable people bearing incontrovertible testimony to the appointment of a successor by the late Guruji. The Deputy Commissioner has thought fit, for reasons well-known to him but which the public are unable to divine, to ignore these volumes of evidence and to treat the peeta as vacant. Relying on this rule, he has also held a meeting of some hundred persons (about whose being disciples of the Mutt, no proof was adduced) and has taken their sense in preference to the consensus of opinion expressed by thousands of disciples through media of letters and deputations which are as reliable as those expressed at a meeting. It is curious that the Deputy Commissioner should have expressed his opinion that a Brahmachari and not a Grahasta should become the successor as this contravenes the ancient traditions of the Mutt and the accepted tenets of Hinduism that a Grahasta is no less qualified than a Brahmachari. Strange to say, that inconsistent with his new theory, the Deputy Commissioner has received applications not only from Grahastas but from widowers who being Anagnikas are prevented from entering the Holy Order of the Sanyasin. It is said that one of the applicants belongs to the Sub-sect to which the Deputy Commissioner also belongs and that this particular applicant has been taking advantage of it and is going round canvassing votes in his favour.

One matter which has been agitating the public mind and which is bound to become an All-India question resulting in a bitter fight is a resolution passed at the above said farcical meeting to the effect that the Sringeri Mutt may be asked to help in the selection of the successor. If the Deputy Commissioner or the gentleman who adorned the meeting had taken the pains to go through the pravara of

the Mutts founded by Sree Adi Sankaracharier and his disciples they would have found that the Mutt of Avanti and Kudli have the same source and the self same pravara till Vidyaranya founded for himself a separate peeta at Avanti. Whereas the present Mutt at Srigeri was not founded by any direct disciple of Sankaracharier but was forcibly occupied by a Sanyasin Sishya (Bharati Krisnna Teertha) of the Kamakote Peeta at Kanchi (now situate at Kumbakonam). It will thus be seen that the Srigeri Mutt has no spiritual locas-standi having no continuous pravara or a proper founder. Therefor it is a travesty of justice to seek the advice of the Sringeri Mutt in this matter.

To the Devotees of the Mutt, the question does not appear as simple as it does to the Deputy Commissioner, for grave and important issues arise which baffle the thinking public. The first and foremost question is whether the Guru of a Mutt has or has not the right to appoint his successor. If he has, it is not open to any one including the Government, to set aside the choice. If he has not, no Hindu will think it worth the while to owe allegiance to a Mutt which becomes a wing of Government. Secondly, can a handful of disciples of a Mutt enforce their opinion in preference to a great many others merely because the former happen to be at the spot? If so, is it not open to the others to refuse recognition to the one selected by the former and is it not also open to the latter to set up a Swami of their own choice. Thirdly where a mutt has got properties and devotees within the Territories of different provincial Governments and States, Can one particular administration take upon itself the responsibility of deciding and will such a decision be binding on other Governments? If each Provincial Government begins to nominate a successor to a Mutt would be its fate? So much for the temporal and political aspects of the question.

Let us now consider the spiritual and religious aspectsof the problem. The puja at the [illegible] is being done by a Grahasta while it ought to be done by a Sanyasin. No samadhi has yet been built of the late Swamy and his Aradhana is not being performed. Also the worship of the

several Gurus of the Mutt have been stopped. These can be done only by a Swami initiated by a Guru of the Mutt and not by one who styles himself a Sanyasin and chooses to wear the yellow robes of the order. No amount of ceremony or Government sanction can bestow spiritual authority entitling one to attend to these sacred duties. If, therefor, the Yuvaswamy's claims are overlooked there will be the sorry picture of the Mutt having on the Peeta a so-called Sanyasin having no religious sanction but possessing the powers of another agent though euphemistically called the Guru. There can be no better way than this of killing the religious institutions which alone have been keeping the spiritual lamp of India burning.

In these circumstances, it behoves the Government of His Highness the Maharaja of Mysore to be cautious and circumspect in the matter and to solve it in a manner which would be just to the revered memory of the late Guru, pleasing to the anxious and feeling expectation of the devotees both in and outside the Mysore State fair to the good work and great capabilities of the Yuvaswami, and, above all, proper to the fair name of Mysore State, to which other parts of India look up for inspiration and guidance.

The matter has been hanging fire for months together and the above mentioned ugly developments have aggravated the situation making it intolerable for the public.

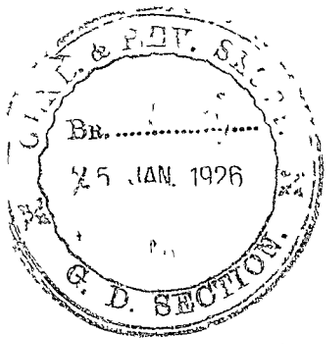
OFFICE OF THE PRIVATE SECRETARY
TO HIS HIGHNESS THE MAHARAJA OF MYSORE,



Petition, as shown below, to His Highness the Maharaja is transferred to the Secretary to the Government of His Highness the Maharaja of Mysore, [illegible] Department, Bangalore, for [illegible]

By Order,

[illegible]

No. [illegible] of 925-26

[illegible]
to H. H. t[illegible]

Sree Krishnaraja Wodeyar Bahadur, G.C.S.I.,

Maharaja of Mysore,

M Y S O R E.

MAY IT PLEASE YOUR HIGHNESS,

I, the undersigned, a loyal subject of your Highness and a humble disciple of the Avani-Mutt, beg your Highness' permission to submit the following for favour of gracious perusal and favourable consideration.

Since April 1925, when the Guru of the Avani Mutt passed away at Mabubabad in Warrangal District of Hyderabad State (where His Holiness had gone on tour) the peeta has been vacant in spite of the fact that the Late Swamiji had appointed his successor as far back as 1916.

Both the Swamiji and the disciples of the Mutt intimated to Your Highness' Government the fact of such a successor having been appointed by the late Guru and submitted all the available records including the Sreemukham of the late Swamiji appointing his successor Also, the pandit and the agent of the Mutt who were present at the initiation of the Yuvaswamy have made statements before the Deputy Commissioner and District Muzrai Officer of Kolar to that effect.

This Officer took no notice of the above facts and issued a notification in "The Mysore Gazette" declaring the peeta vacant and calling for a meeting of the disciples and sympathisers of the Mutt to elect a Guru. Though the Mutt has on its rolls several thousand

disciples hailing from all parts of India, the meeting was attended by about a hudred persons of whose discipleship no proof was adduced.

At the said meeting although a few raised objection to the procedure adopted and pointed out that there was the Yuvaswamy ready to occupy the peeta, the Deputy Commissioner (who presided) brushed aside the objection saying that as the Yuvaswamy was a gruhasta he could not succeed to the peeta since it had been decided that only a Bala Brahmachari should sit on the Peeta. Another curious suggestion was adopted at the meeting to the effect that the Sringeri Mutt should be asked to help in the selection.

I crave your Highness' indulgence to make a few detailed submissions on the two recommendations referred to above. Firstly, nowhere has it been said that a gruhasta is precluded from becoming a Sanyasin. The Vedas and Shastras give an equal right to a gruhasta and Brahmachari to enter the Holy order. Also, a consultation of the pravaras (geneological tables) of the several Mutts founded by Sri Audi Shankaracharya will show that most of the Peetadhipathis have been gruhasthas and that, therefore, this new theory is untenable.

With due deference to the Sringeri Mutt, I beg to be excused for mentioning here that whereas the Mutts at Kanchi (now Kumbakonam) and Kudli (ancient Sringeri), have the honour of having been founded by the direct disciples of Sri Adi Shankaracharyar, the present Mutt at Sringeri was occupied by a Sanyasin disciple of the Kanchi Mutt. Since the Mutt at Avani was founded by Vidyaranya, one of the peetadhipathis of Kudli it

naturally

naturally traces its origin from the founder of Advaitism(Sri Sankaracharyar). It would now be clear that it is improper for the Sringeri Mutt to interfere in this matter.

Curiously enough, the Deputy Commissioner's next step was an inconsistent one. Not only his insistence on a Brahmachari Guru gave way but he began to accept applications from widowers (who as Anagnikas) cannot enter the Sanyasa Asrama and from School-masters (who being Brithaka Adhyapakas) are prohibited by the Vedas from entering the Holy order. Thus, the pendulum has swung from one extreme to another.

In the meantime, the Yuvaswamy is unable to carry on the Puja at the Mutt, and the Aradhana of the late and the previous Gurus. The Puja at the Mutt is being done by a gruhasta pujari while it has to be performed (as per sastras) by a Sanyasin and the Aradhana is being carried on by the Yuvaswamy where he is and not at the Samadhis of the several Gurus.

Besides, the opinion of several thousands of devotees of the Mutt (in and outside the State) expressed through deputations and petitions to your Highness' Officers has been completely ignored with the result that there is a well-founded fear in their minds that it is not possible to get justice at the hands of these Officers.

It is for this reason and because the Puja and Aradhana have suffered, that I have thus made bold to approach your Highness directly with this Memorial.

There is yet another reason for your Highness' gracious interference. It was the founder of

this Mutt Vidyaranyaswamy that presented the famous throne of Yudhistira to your Highness' fore-~~fathers~~ years. Also your Highness' beloved grand-father got the Kalasa-prathishta of the Holy temple at Nanjangud performed (in 1845) by Sri Vidya Shankara Swami of this Mutt in preference to the Gurus of other Mutts. These ties between the Avani Mutt and your Highness Family have been sacred and this circumstance is alone sufficient to merit your Highness' personal care and kind solicitude for this Mutt.

Whatever may be the distrust of the public in your Highness' Officers, they feel quite confident that they will surely receive justice and fairplay at your Highness' gracious hands and that your Highness will be kindly pleased to order the immediate installation of the Yuvaswami on the peeta.

Praying to be excused for the liberty I have thus taken,

I beg to remain,

Your Highness' loyal & humble subject,

Basavangudi

MAHARAJA OF MYSORE,

M Y S O R E.

MAY IT PLEASE YOUR HIGHNESS,

I, the undersigned, President of the Velnad Brahmana Mahasabha of Mysore, beg leave to approach Your Highness with the few following lines praying that they would receive Your Highness' favourable consideration and orders:-

1. His Holiness the Swami of the Velnad Mutt at - Avani in the Kolar District passed away a few months ago and his place yet remains vacant. A meeting seems to have been held at Kolar on the 20th of September last under the presidency of the Deputy Commissioner of the District and a recommendation appears to have been submitted to Your Highness' Government for the nomination of a successor to the Swami in consultation with the authorities of the Sri Sringeri Mutt.

2. As the Avani Mutt is purely a Velnad Mutt, I, on behalf of the Velnad Mahasabha of Mysore, most humbly beg that Your Highness may be graciously pleased to bestow the privilege of selecting and proposing a suitable successor to the Swami, on the Velnad Community of the Mysore State and to order the present decision to be held in abeyance for a period of three months, within which period, the Velnad Sabha undertakes to consult the leading Members of the Velnad - Community in the different parts of the State and to suggest the name of a suitable successor, for Your Highness' benign acceptance and Sanction.

For this act of kindness and generosity, the Sabha which I beg to represent, prays for Your Highness' long life and - prosperity.

A copy of the resolution of the Velnad Sabha on the - Subject is herewith submitted for Your Highness' kind perusal.

I beg to remain,

Your Highness' most obedient and loyal subject,

Sir,

We, the undersigned loyal subjects of His Highness the Maharaja of Mysore and the followers of the Adwaitha Philosophy established by Srimath Sankara Bhagavathpadacharya the Great, beg respectfully to submit to His Highness' Government on the subject of succession to the Avani Mutt, Mulbagal Taluk, now engaging the attention of a committee presided over by the Muzarai Commissioner, as follows :-

1. Brief History of the Mutt :- Srimath Sankara Bhagavathpadacharya established his Mutt at Sringeri and irstalled his first Sishya Padmapada Charya.

2. Sri Vidya Sankara Swami, also called Vidyathirtha, 28th in succession to Sringeri Peetham, initiated the famous brothers, Sayanacharya and Madhavacharya, and named them Narasimha Bharathi Theertla and Vidyaranya respectively as his successors to the Sringeri Peetham before he proceeded on his Northern Indian Tour with his first disciple Narasimha Bharathi Theertla leaving the second in Southern India. Subsequently, while he was at Badarikasrama, he entered the cave of the Sri Govinda Bhagavathpadacharya, the well-known Guru of the first Sankara, leaving instructions to his followers to wait outside the cave for 12 years and enjoining on his first disciple Narasimha Bharathi Theertha to go to Sringeri in case he did not come out of the cave after the expiry of the said 12 years and assume the position

of the head of the Sringeri Mutt held by him. Accordingly the said Narasimha Bharathi Theertha Swami waited for 12 years and not finding his Guru come out of the cave, left Badari for Sringeri. On his way back and while at Kudli, he sent orders to the then Agent at Sringeri to make arrangements for his reception and entry to Sringeri. The Agent, however, with the connivance of a few local people, arranged to have a lad initiated to the order of Sanyasa, handing over the possession of the Mutt to him and thus prevented the real Swami to return to his Mutt. Swami Narasimha Bharathi Theertha had therefore to stay at Kudli and established a seperate Mutt thereat for the worship of Chandramouleswara. Subsequently, however, Swami Vidya Theertha came out of the cave and not finding his entry to Sringeri possible in the above circumstances, repaired to his first disciple at Kudli.

3. Later on, his second disciple Vidyaranya, who had by 1356 A.D. established the Kingdom of Vijayanagar and crowned Hukka & Bukka on the throne of Yudhishtara which he had secured, founded at Kolar a Peetha under the title of శ్రీశతశృంగపర్వతసన్నిహితదివ్యసత్క్షేత్రపూర్వపీఠాధీశ్వర and entered the Dattatreya Guha for Tapas, leaving a successor at Kolar. During the war between the Palyagars and Hyder Ali, the then Swami also known as Sri Vidyaranya abandoned Kolar and encamped at Avani in 1780. The Avani Mutt has thus been established by the 20th direct decendant of the Great Sankara Charya, the founder of Adwaitha Philosophy.

11. Brief History of the present state of affairs :-

4. Srimatlabinavoddanda Vidyasankara Bharathi Swamy,

the 60th in succession to Great Sankara, expired on 11th April 1925 at 2 P.M. at Mahabubabad, near Manakota Railway Station, Warrangal District, Nizams Dominions. So far back as 1916, he had initiated Sree Brahma Vidyananda Natha Bharathi as his successor to the Mutt on his demise, under Srimukha No. 743 dated 24th October 1916, directing him to travel far and wide and inculcate the principles of Sanathana Dharma and preach Adwaitha Philosophy. Accordingly the latter has toured largely both in British India and in the Mysore State holding religious discourses and giving Upadesam to the Brahmanas. After organizing several Brahmana Sangams and religious associations and performing several Yagas, (one of which was graced by His Highness the Maharaja of Mysore and by the members of the Royal Family on 27th March 1925, that is to say two days before his highness departure to Bhadarikasrama.), he remained at Mysore. About a month later, the news of the demise of his Guru in the Warrangal District, was conveyed to him on the 26th April 1925 by the late Palace Controller Ramakrishna Rao, who had seen the Srimukha and other records, establishing his title to the Mutt and sent word that "the successor nominated to the Avani Mutt by the deceased Swami was at Mysore" to the Deputy Commissioner Kolar, though Mr. Venkatakrishnayya when he went there to attend the District Conference at Kolar, 3 days later.

5. The news of the death of the late Swami appeared first in the Daily Express, Madras, on the 8th May 1925, and in the Wealth of Mysore on 13th May 1925.

6. The fact that the late Swami had appointed his successor as aforesaid, appeared in the issue of the Wealth of Mysore on 20th May 1925, above the signature

of one Krishnamurthi Sastry. The fact was also made known to the Muzarai Commissioner and the Deputy Commissioner, Kolar, in writing by the public on 3rd June 1925.

7. Seeing that no prompt action was taken thereon and the Chathurmasa was approaching, representations were made (as per copies enclosed) to His Highness the Maharaja on 22nd June 1925 and to the collector of Warrangal on 27th June 1925. These have been followed by scores of Mahazars from all parts of Mysore and British India, a few of which that were not then utilised are herein enclosed for perusal.

8. A deputation of the Bangalore and Mysore Citizens, who were in the know of the facts of the matter, also waited upon the Deputy Commissioner, Kolar, on 8th August 1925, who, though impressed with the truth of the affair, went to the extent of notifying in the Mysore Gazette dated the 3rd September 1925, that the question of succession to the Mutt will be discussed in a Public Meeting to be held at Kolar on the 20th September 1925, the date of commencement of Dasara Festivities.

9. The date fixed being obviously inconvenient to the subjects of His Highness the Maharaja living outside Kolar and the place selected Viz., Kolar, being inconvenient to those outside the State interested in the Mutt, the citizens of Bangalore submitted a Memorial to the Muzarai Commissioner on 12th September 1925, explaining the inconvenience of holding a meeting at Kolar on the published date and requesting orders to arrange for one at Bangalore (duplicate copy enclosed).

(10) Neverthless, a meeting was held at Kolar, as notified and attended mostly by those , who were unaware of the existence of the successor appointed by the Swami 9 years previously. As many as fourteen representatives from Mysore and Bangalore, referred to in para (8,, did, however, attend the meeting at Kolar, on 20th September 1925 and found to their astonishment that the Deputy Commissioner did not at all, allude to the Srimukha of 1916 in which the late Swami had appointed his own successor to the Mutt and that the trend of opinion of the meeting at Kolar was in favour of bringing in a Brahmachari to the Peetha.

11. The sense of the meeting at Kolar having become widely known to the citizens of Bangalore the next day, a copy of the said Srimukha was sent by Registered Post to the Deputy Commissioner, Kolar, for reference in connection with the report called for from him by the Muzarai Commissioner explaining the situation and requesting that the Srimukha issued by the late Swami may be given effect to.

12. Further on 15th October 1925, a deputation of a very representative character also waited upon the Member of His Highness the Maharaja's Council, then in charge of Muzarai Portfolio and convinced him of the wisdom of the late Swami in having appointed during his own life time his successor to the Mutt worthy of his confidence and choice. The Muzarai Commissioner was thereupon pleased to order that an enquiry should be made at Kolar by the Deputy Commissioner, Kolar, who, however put it

off till 3rd April 1926. In the meantime, attempts were made by persons interested in one Y.Subba Rao, a teacher in the Sanskrit College to have him installed as the Head of the Mutt.

13. Mr. C.S. Balasundaram Iyer (the Muzarai Commissioner) was also approached by the citizens of Bangalore with oral representations and requested him to meet the Swamy, who was then at Bangalore, satisfy himself personally regarding his undisputed claim to the Peetha by virtue of the Srimukha & by virtue of his eminent learning and other qualifications necessary for the Peetham of the Mutt. To the satisfaction of the memorialists he met the Swamy and was fully convinced of the righteousness of his cause and promised his unqualified support thereto. It is hoped that the present Muzarai Commissioner will also make it convenient to meet the Swamy now at Bangalore and carry the impression formed by his predecessor in Office.

14. To take up the sequence of events, the Deputy Commissioner convened a meeting at Bowringpet, six months after the date of the orders of the Member of Council, that is to say on 3rd April 1926, when it was proved, by Ramasubbiah, Agent in charge of the Mutt, that the Srimukha of 1916 was issued with his knowledge and found registered in the Mutt Registers. It was proved, by Pandit Ramaswamy Sastry, that the deceased Swamy had given him Sanyasa with the avowed object of succession to his Peetha. Several persons present at the meeting also voted to the same effect.

15. Nevertheless, the Deputy Commissioner has not to this day been pleased to meet the Swamy and examine the documents in his possession and satisfy himself

as to his fitness by age, piety and learning. Had he done so, the question of succession would have long been concluded in favour of the Swamy appointed in 1916, to the entire satisfaction of all interested in the well_being of the Mutt.

16. With a view to enable him to go into the original records preserved at the Mutt at Avani and particularly to invite his attention to the Srimukhas of 24th October 1916 and 21st August 1921 both addressed to the Swami recognised for the Peetha by the late Swamy, the Deputy Commissioner was requested by the citizens of Bangalore in Registered letters of April 1926 to furnish extracts from the Mutt registers relating to the said Srimukhas. But it is strange that the request has not been complied with so far.

17. The proceedings of the meetings at Kolar and at Bowringpet are defective in so far that no notice thereof was given to the Swami in possession of the documents proving his title to succeed to the Peetha of the Mutt and as a matter of fact there has been a systematic attempt at Kolar to turn the tide against the Swami deliberately chosen by the deceased Swamy and followed on ground of fitness by a large circle of Smartha Brahmanas both in and outside the State as evidenced by numerous mahazars. The Government of His Highness should attach no importance to the voice echoed from Kolar and its neighboured from above self interested persons - persons who want to be benifitted by the Mutt properties being left in the hands of their nominee or in the hands of a lad under their exclusive control.

18. The question of succession to the Mutt has mainly to be dicided on a consideration of two important factors :-

(a) Whether it is a fact that the late Swami did appoint his successor by the Srimukha of 1916
and (b) whether the choice is worthy of recognition.

19. The first issue has to be decided by the documents of 1916 and 1921 and by the oral evidence of eye-witnesses to the ceremony of consecration and of the followers of the Mutt who could vouch-safe to the high regard , esteem and affection with which the present Swamy was held by his Guru. Many of us have gone into the records in possession of the Present Swami and are personally conversant with what has transpired from start to finish.

20. As regards the second issue, there can be no two opinions however critical and sceptical one may be.

21. Many of us can affirm on solemn declaration that the previous Swami gave to the Swami selected for his Peetha, the God Chandramouleswara and two pairs of Padukas, with some title-deeds of lands belonging to the Mutt, in token of his recognition to the Peetha in succession to him.

22. Since the expiration of the late Swami, the accepted successor has performed 13 Aradhanas so far and this fact has also been communicated to His Highness Government by numerous mahazars, one of which was submitted to His Highness above the signatures of Mahamahopadyaya Siva Sankara Sastry, Munsiff Venkataramaiah, Assistant Engineer ....Narasimha Iyer and other respectable subjects of His Highness.

23. Sometime after the demise of the late Swami, his

mother first submitted a petition to the Muzarai Commissioner on 15th January 1926 to know whether Aradhanas were being performed for the deceased, in order to enable her to arrange for her Grand daughter's marriage. The petition was returned to her without a proper reply. She thereupon approached the present Swami for the information, which was furnished to her in a Srimukha, a copy of which having also been sent to Government at the same time.

24. About the end of last year, strong representations were made by the citizens of Mysore & Velanadu Sangam in particular to approve the nomination of the successor made by the late Swami.

25. There is no rule that a Brahmachari alone should occupy the Peetha, and the enclosed geneology of the Mutt will show that a large proportion of the Matha-thipathees were taken from the fold of Grahasthas.

26. A copy of this representation is being sent to the Muzarai Commissioner and President of the Committee now in sitting to go into the question of succesStion, with the object of enabling him to take a broad and correct view of the situation, not from the stand point of the interested few at Kolar but from the stand point of the millions of devotees scattered all over India. It is needless to say that the Swami in question carries with him the hearts of a large proportion of the followers of Advaitha Philosophy and his recognition to the Peetha by His Highness Government will be most highly appreciated by the public in general.

The memorialists in conclusion pray that His

His Highness' Government will give due consideration to the merits of the case and recognise the choice duly made by his predecessor.

We beg to remain,

Sir,

Your most loyal memorialists
